The Syracuse Project for Our Teens (The SPOT) will strive to enrich the lives of teens by implementing programs which promote an atmosphere of recreation, education, volunteerism and entertainment for pre-teens and teens in grades seven through twelve. This mission will be carried out through after school programming, special events, and school holiday excursions. It will connect teens to one another and to the communities that they live in, providing a safe and welcoming environment that fosters responsibility, ownership, and a sense of self-importance that comes with being an invested member and participant in the SPOT.
