The Syracuse Project 4 Our Teens (The SPOT) strives to enrich the lives of teens by implementing programs which promote an atmosphere of recreation, education, volunteerism and entertainment for pre-teens and teens in grades seven through 12. This mission is carried out through after-school programming, special events and school holiday excursions. It connects teens to one another and to the communities in which they live, providing a safe and welcoming environment that fosters responsibility, ownership and a sense of self-importance that comes with being an invested member and participant in The SPOT.
